SILICONE ANGLED CATHETERS

Packaging Change Notification

Starting from **July 2020**, Silicone Angled Catheters will be provided with a new packaging.

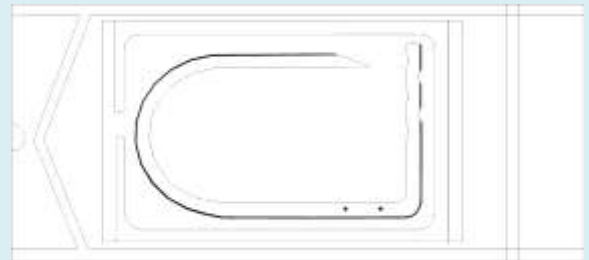

INNER POUCH: NEW BLISTER PACK

The catheter is folded on the longest part

OUTER POUCH

Same material, **reduced size 210x370 mm**

BENEFITS

RELIABLE AND USERFRIENDLY OPENING

thanks to new Chevron style pouch

LOWER MANAGING COSTS:

smaller boxes size reduces the incidence of transport costs and helps optimize storage space

NEW PACKAGING

Box 38x21x21 cm
Pouch 210x370 mm

OLD PACKAGING

Box 65x25x15 cm
Pouch 250x640 mm
